

Turnkey solutions
to fill and pack chocolate into
lined containers and pails

PATTYN®

Your product safely packed

To meet the **food safety standards** it is important to invest in a **reliable and automated packaging solution**. Pattyn offers fully automated solutions for **solid** and **liquid** chocolate packaging, from case erecting to palletizing, all 100% developed in-house.

No more worries about product giveaway, food safety or packing quality.

All types of containers can be used.

Adapted solution depending on the actual line speed and product

Filling and weighing directly in the box

Scalable solution based on capacity

50 years of experience in bag-in-box packaging

100% Pattyn made

Interconnectivity for the future

Solid chocolate packing line

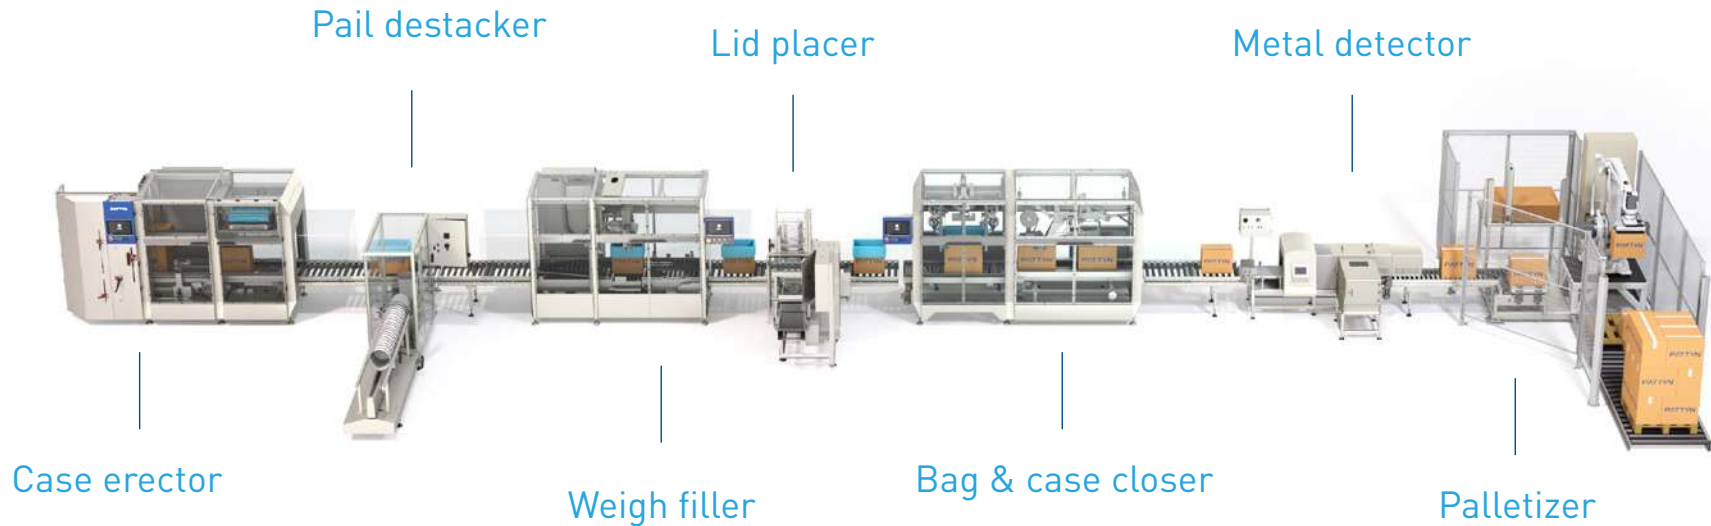

LBVF-34A

- Designed for **solid** chocolate products: drops, chunks, curls,...
- Filling and weighing directly in the box
- **High accuracy**, combined with high speed
- Linear vibrating filler (optional with belt) with 2 filling positions:
 - Vibrating conveyor or belt for **coarse filling**
 - **Separate** vibrating pan for **fine dosing**
- Up to **5 cases/minute**

Liquid chocolate packaging line

AVL-42

- Designed for **liquid** chocolate products: cocoa butter, cocoa mass, CBS, ...
- **Compact** and most **accurate** weigh filler
- **Minimizes** your product **giveaway**
- Weigh filling system with **fast / slow dosing** and automatic after-fall correction
- Especially designed ultra light scales
- Standard jacketed and 90° curved valves for a **turbulent-free product flow**
- Up to **12 cases/minute**

Your worry-free journey

A solution for your needs

We listen to your needs and make sure we understand your business and challenges deeply. Our sales experts help you find the best possible solution to safely pack your products.

Guide entire project

One of our project managers monitors your project from A to Z and guides you throughout every phase of it. He also makes sure your equipment is thoroughly tested and finetuned to your needs.

Maintain relation

We stay connected throughout the lifetime of your line. Our After Sales Managers, all experienced ex Service Engineers, think along with you, proactively visit you, advise you on upgrades, retrofits and much more.

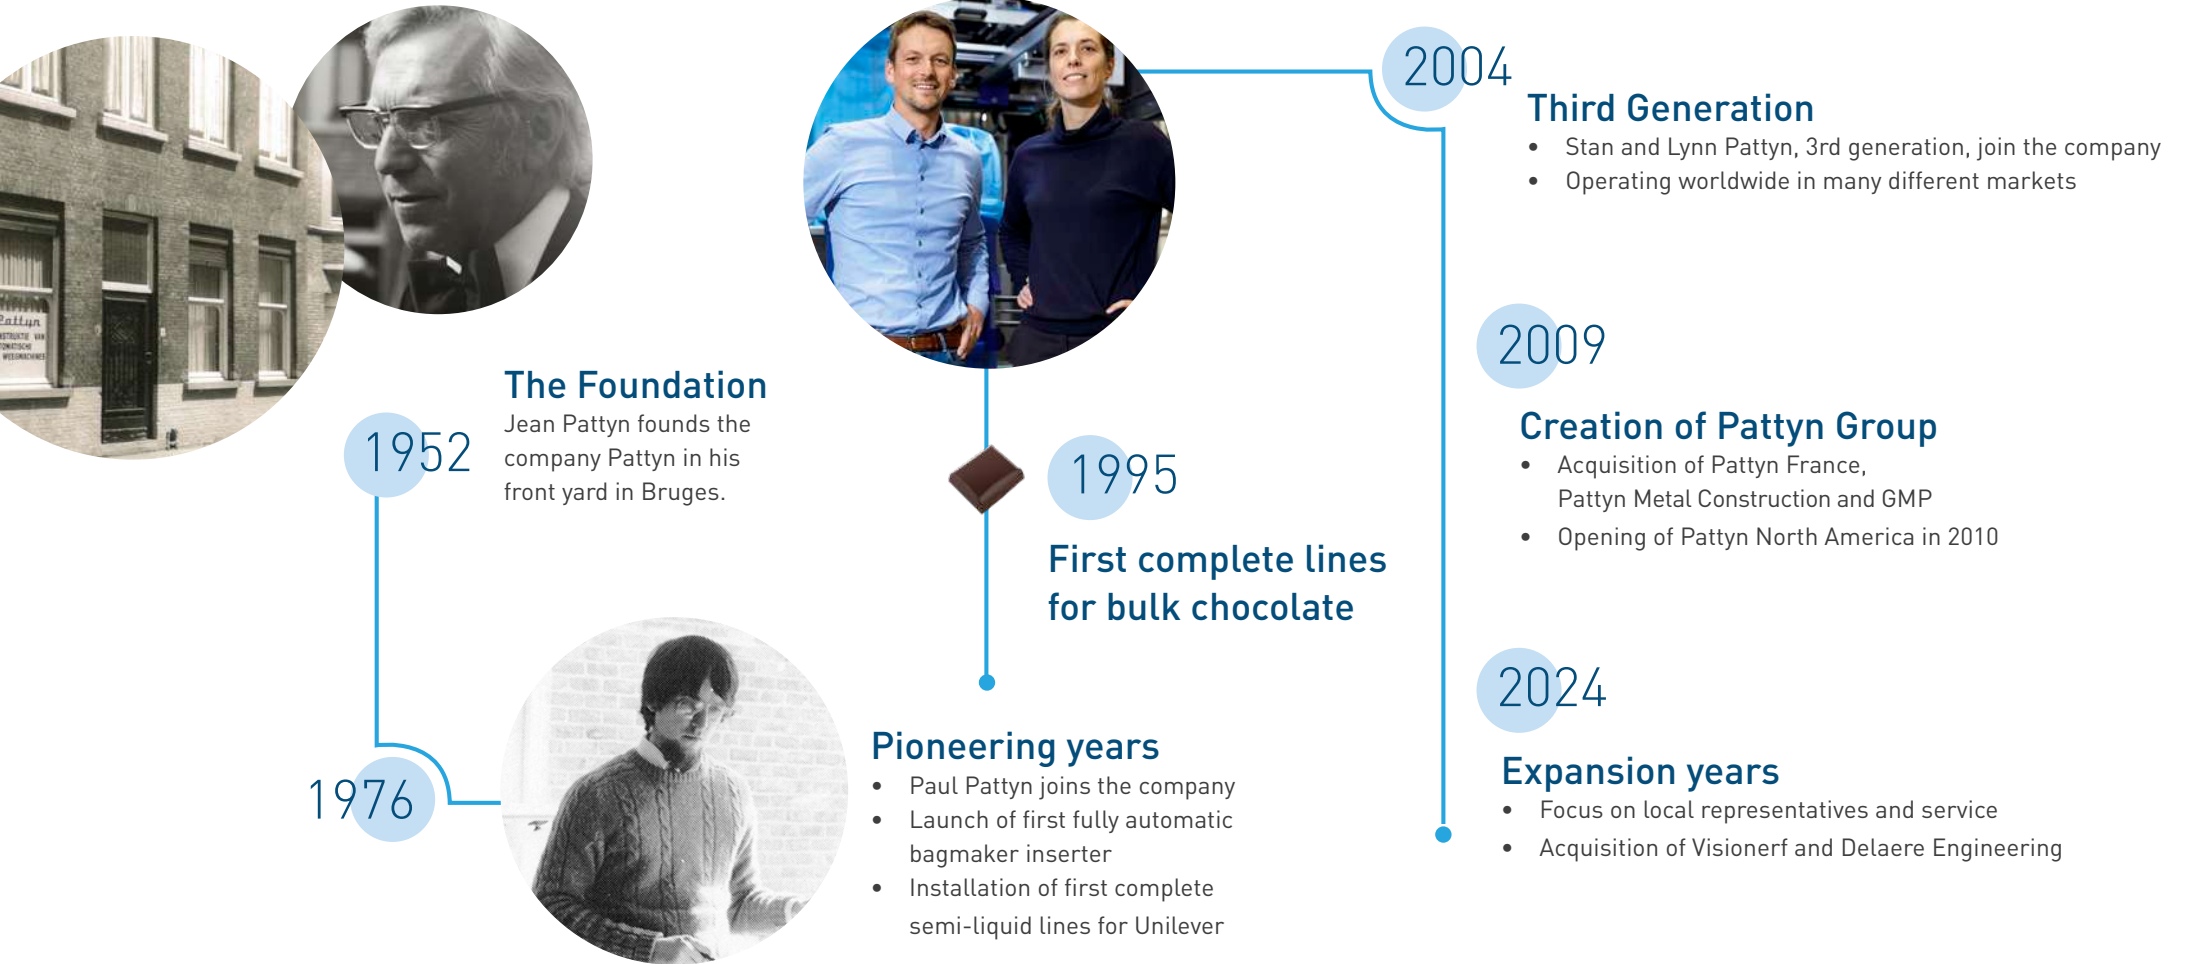

Start-up project

Your equipment is installed in the shortest time possible by our multi-skilled Service Engineers. The start-up also includes an intensive training of your operators and technicians.
